No = Primary reasons school did not make AYP.

AYP Phase:

0 - School did not meet AYP for the first time in a subject. Federal requirements do not start until the schools does not meet AYP for two consecutive years in the same subject.

1 - School Improvement - school must offer choice and transportation.

2 - Continuing School Improvement - school must offer choice, transportation, and supplemental services.

3 - Corrective Action - school must continue choice, transportation, and supplemental services and take further corrective action.

4 - Restructuring - school must continue choice, transportation, and supplemental services and develop a plan to restructure the school.

5- Implement Restructuring Plan - school must continue choice, transportation, and supplemental services and implement restructuring plan.

99 - AYP Advisory - This is a new school that did not have MEAP data prior to 2003. This school is given an advisory status because data are not available for the safe harbor comparison or for multiple year averaging.

Accreditation Grade:

No Grade - Not enough data to calculate both Achievement Status Grade because school had fewer than 30 students tested.
